

features

- 12V battery for vehicles maintenance
- maintenance-free battery / auto charger
- plugs directly into a 12V car cigarette lighter
- rugged metal construction

design features

- robust
- easy to operate
- light and portable

In a modern day vehicle, more and more equipment is being installed. The data in the storage functions of the electronic devices is maintained by the vehicle's 12V battery. Data is lost when the battery is disconnected. In order to maintain the data, a backup battery bank is needed before disconnecting the battery. **SUPER-LITE™** 12Vdc battery bank is specially designed to solve this problem.

technical specification

model	12Vdc battery bank
supply voltage	240Vac
output voltage	12Vdc
frequency	50 / 60 Hz
safety features	fast blow glass fuse
enclosures finishing	epoxy powder coated
dimensions (h x w x d)	(175 x 110 x 250) mm
weight	5.0kg

dimension
